

**DIANE GREENWOOD
CITY OF MISSION VIEJO
MEMBER OF THE CITY COUNCIL**

I became involved in city politics as a leader in the fight to bury the power lines. The Council's failure to defend our quality of life through that ordeal, the dismal performance on solving our traffic issues and delays in expanding the Senior Center have cost our city millions. It is time for a proactive change.

Michael and I raised our three sons in Mission Viejo and actively participated in our community, schools and recreation centers. We are proud to be 29 year residents of this great city.

My goals:

Increased public safety: We need leaders to get more involved in representing us on illegal immigration.

Support of the Sheriff's cross-deputization program.

Solving our traffic and Senior Transportation problems that incumbents only talk about

Encourage our business community to upgrade, facilities to retain, sustain and gain business

Bury the power lines and defend our residents against the oppressive power rate increases we are experiencing.

Oppose all tax increases

My background:

Member, Mission Viejo Heritage Committee

Instructor for special needs students

Former SVUSD Librarian

BA UCSB

I promise to make defending our quality of life my top priority on the Council.

Please vote for Diane Greenwood on November 7th
