

**MICHAEL F. HENN  
CITY OF NEWPORT BEACH  
MEMBER OF THE CITY COUNCIL, DISTRICT 1**

Occupation: Businessman/Planning Commissioner

Age: 58

As Newport Beach City Councilperson, I will make decisions based on objective evaluation of the facts, with the best interests of Newport Beach residents always my foremost concern.

My principal goal is to preserve and enhance our quality of life in Newport Beach. I support continued improvements for our superb police and fire departments, better Harbor water quality and amenities, reduced traffic congestion and an efficiently run City government that is responsive to residents' needs.

My experience as a Newport Beach Planning Commissioner has given me deep knowledge of the important issues affecting our entire city. I have helped shape the proposed General Plan Update and strongly support it.

Newport Beach has a \$192 million annual budget. My 35 years in business, including serving as chief financial officer for two Southern California Fortune 500 companies, qualifies me to manage taxpayer dollars wisely.

I am proud to be endorsed by the Firefighters Association, and numerous former Newport Beach mayors and Citizens of the Year. My wife and I, our three daughters and their families all live in or adjacent to Newport Beach. I am deeply committed to our great city on behalf of them and all of our citizens.
