

**DON WEBB
CITY OF NEWPORT BEACH
MEMBER OF THE CITY COUNCIL, DISTRICT 3**

Council Member/Municipal Civil Engineer

It has been an honor to serve as your Mayor during the City's Centennial Year. Our year long celebration featured events families could enjoy while learning about our city's history.

Major accomplishments in the last four years have been:

Mariners Joint use Library completion.

Placing on the ballot a citizen driven update of the City's General Plan which reduced projected traffic.

Protection of airport curfews and limiting flight increases through the extension of the JWA Settlement agreement.

In the next four years, I will continue to fairly review the issues that come before the council and base decisions on what makes sense for the majority of the community. Having served the citizens of Newport Beach for 33 years, the last 7 as Public Works Director, before being elected, my knowledge of the issues and city administration has given me the experience to be an effective Council member. My wife and I continue to walk every part of the city to keep abreast of what is happening and where we need to focus our efforts to improve the quality of life for you.

Your vote will bring community experience, integrity and knowledge to the Council. Phone 949 646-3133.
