

**LESLIE J. DAIGLE
CITY OF NEWPORT BEACH
MEMBER OF THE CITY COUNCIL, DISTRICT 4**

Occupation: Appointed Councilwoman/Businesswoman

I am fortunate to represent Newport Beach residents as your Councilwoman. I led the effort to approve a new Airport Policy that forever limits the size of John Wayne Airport and preserves the flight curfew.

I worked to approve funding for the Back Bay Science Center that will improve water quality in the Upper Bay and along our beaches. Children now learn the importance of our environment.

I am committed to maintaining the character of our coastal community by protecting ocean, harbor and bay views, securing open space and enhancing the Upper Newport Bay.

I am improving traffic flows by synchronizing traffic signals and improving intersections.

I believe we should sue Irvine for dumping over 40,000 cars on our streets without proper environmental study.

I am committed to providing quality police, fire, and lifeguard services. I am endorsed by Newport Beach Firefighters Association. I am committed to maintaining a world class library system and continuing to provide seniors with services at OASIS. I organized the Orange County Conference for Women.

As a fiscal conservative I will keep taxes low and protect private property rights.

I am endorsed by Senator Marian Bergeson. I ask for your vote on Election Day.
