

**NANCY GARDNER
CITY OF NEWPORT BEACH
MEMBER OF THE CITY COUNCIL, DISTRICT 6**

My father, Judge Gardner, came to Newport Beach in 1920, and our family has been part of the city fabric ever since. For the past four years I have served as co-chair of the General Plan Advisory Committee, working to shape the future of our city in terms of land use, housing, circulation, natural resources and other areas. A member of the City's Coastal/Bay Water Quality Advisory Committee I wrote the grant that garnered over \$230,000 to rehabilitate Buck Gully, and as a founder and member of the Newport Beach chapter of Surfrider Foundation I have spent the last sixteen years working to protect the coast with educational programs like Teach and Test in our high schools. In my business career I was Marketing Director for Century 21 Real Estate with responsibility for 9,000 offices and later was selected by federal regulators to help rehabilitate a failed savings and loan. As a city council member, I will work for a balanced environment in the broadest sense: a good natural environment, a good community environment, and a good business environment. I will listen, and I will build consensus to protect and improve our quality of life in Newport Beach.
