

**DOLORES OTTING
CITY OF NEWPORT BEACH
MEMBER OF THE CITY COUNCIL, DISTRICT 7
SHORT TERM**

My heart felt thanks to the 17,108 residents who voted for me the 2004 City Council election. Although I didn't receive major endorsements you had the vision to vote for me rather than the incumbent, because you understand what's at stake in Newport Beach. Through my years of involvement, you've come to recognize I have a passion for making this city greater and will represent your best interests and be your voice on the Council.

I have lived in Newport Beach for 18 years and serve on EQAC. I am a former teacher, Watch Dog Columnist, and Businesswomen. I believe in adherence to the Brown Act, conducting the business of the Public in public, and Elections of City Council rather than appointments. Of utmost importance is Emergency Preparedness, JWA containment, clean water in the Bay and traffic. Because I have attended Council meetings for over a decade, asking thousands of questions on hundreds of items, I am confident of my ability to represent you.

I welcome the challenge ahead. Through your support and vote, I am confident you will receive the expected quality of representation you deserve. Newport Beach is at a crossroad. Now is the time to make changes.
