

**PHIL MARTINEZ
CITY OF ORANGE
MEMBER OF THE CITY COUNCIL**

I believe our city is at a crucial turning point!

My primary reasons for running are:

First, to stop the East Orange Hill's development. It will tremendously increase traffic throughout our city, because no commercial retail stores are planned for this development.

Second, to synchronize traffic signals throughout our entire city. Our city has grown so much over the past decade, yet we have failed to adjust our traffic signals to our cities new commuting patterns.

Third, tackle the growing problem of graffiti throughout the City of Orange. As a City Council member I would create a public outreach with the community and law enforcement, to work together to eliminate graffiti.

Also, I will always listen to the citizens of Orange, and stand for them!

For the past 40 years my family and I have been living and working in Orange County. My wife, Christine and I have been married for 16 years and are the proud parents of three children, who all attend Orange Unified Schools. I have worked for the County of Orange for over 26 years as a Park Ranger.

I am Phil Martinez, and I would be honored to have your vote on November 7th.
