

**RENEA MCQUIGGAN
CITY OF RANCHO SANTA MARGARITA
MEMBER OF THE CITY COUNCIL**

My family and I moved to Rancho Santa Margarita over 10 years ago when the area was just starting to grow. My children attended local schools and we have participated in many community events/fund raisers over the years as our schedules would allow. Since that time I have watched new neighborhoods, schools, and businesses being built, grow and thrive in our beautiful city.

As a business woman, I can appreciate the needs of a wide range of various social and economic agendas as our city continues to reach its potential. I believe my background in finance/insurance, budget management, and strategic planning will aid the city in its effort to provide the citizens of Rancho Santa Margarita a safe and prosperous community.

As a Council Member, I will support careful and responsible growth. My professional background has provided the essential tools for dealing with a wide range of needs, wants, and opinions and will benefit the many challenges facing our growing community. As a long time member of this community and a concerned citizen, I pledge to listen and keep an open mind to all community members as we work toward keeping Rancho Santa Margarita one of the best cities in Orange County.
