

**ANGELA DUZICH ROHDE  
CITY OF SAN JUAN CAPISTRANO  
MEMBER OF THE CITY COUNCIL**

I believe that San Juan Capistrano needs a change and a City Council member who will speak for the average person.

I will push for term limits to usher in fresh faces, creative ideas and new approaches to make our town even better. Twelve years is ample time for a Council Member to accomplish their goals. The residents of San Juan Capistrano deserve a government that truly represents all residents.

I will support goals, policies and the type of development that will benefit the residents and local business and most importantly be resident serving. Development doesn't mean building on every available piece of land but smart growth is needed for a community to grow and revitalize.

My husband, Joe and I have lived on the west side of town for 25 years. We raised our two daughters here and I am proud to call San Juan Capistrano home.

I've served on the City's Transportation, Parks and Recreation and Cultural Heritage Commissions. I was a paid call Firefighter for the County of Orange and I have worked in local government for 22 years, primarily focusing on Community Revitalization.

Please vote Angela Duzich Rohde for City Council. I will make a difference. Visit my website at [www.AngelaForSJC.com](http://www.AngelaForSJC.com).
