

**THOMAS ANTHONY GORDON
CITY OF SANTA ANA
MAYOR**

We need real change in Santa Ana! We need a Mayor who will stand for the people, not the special interests. I will do what it takes to make Santa Ana a great city to live in.

Our parks are in disrepair and our public libraries are down to two branches – even the bookmobiles have been cancelled. Our kids need more after school activities – not less!

Graffiti remains a problem, as do gangs and drugs. Shopping carts are often abandoned in neighborhoods. Our streets are riddled with potholes. As your Mayor I will work hard to clean up Santa Ana and make it a better and safer place.

We need to be smarter about development. Our streets and parking lots are crowded and contractors are polluting Santa Ana with asbestos and lead. We need new businesses – but let's build without disturbing our quality of life.

As your Mayor I promise to be there when our city is in crisis. I will also work with our school board to make this a true "education city."

I respectfully ask for your vote. Please visit my website at www.thomasgordon4santaana.com and let me know how I can serve you!
