

**NATHAN MENARD  
CITY OF TUSTIN  
MEMBER OF THE CITY COUNCIL**

As a 16-year resident of Tustin, my main objective in running for City Council is to bring a fresh perspective and positive change to the dais. Being an independent thinker with a conscience-driven track record, I have served the City of Tustin for 4 years as a Planning Commissioner, recently as Chairman. I serve as an active Board Member of TACFA and Rotary International, a charter member of the Tustin Preservation Conservancy, a past Cub Scouts of America Pack Master, and also support the Tustin Boys & Girls Club, the Tustin Area Historical Society, Habitat for Humanity and Corazon.

I believe in conscientious, controlled growth of Tustin, and want to protect our city's borders from neighboring high-density projects and the traffic impact they will have. With realistic planning and the revitalization of older areas of Tustin as an integral part of that growth, I want to enhance and protect the quality of life we have in Tustin as a clean, safe, affordable place for all families to live in.

I will not take your vote for granted. I appreciate your support, and respectfully ask for your consideration.
