

**DOUG DAVERT  
CITY OF TUSTIN  
MEMBER OF THE CITY COUNCIL**

As your Mayor and Councilmember, I am proud of the strides Tustin has taken during my term. Tustin's crime rate remains low, and our budget remains balanced without raising taxes. We have undertaken unprecedented efforts to reduce traffic congestion through new roadway improvements. Our Tustin Legacy project is progressing and will provide new amenities and opportunities for all Tustin residents.

I have forged a cooperative working relationship with our school officials, and I spearheaded the new Tustin High School that will be under way soon at Tustin Legacy. Design is nearly complete on the new Tustin Library that will be built next year to better serve our students and seniors alike.

I am seeking a second term because there is still more work to be done. Traffic continues to clog our streets. Our community is aging and needs attention in many areas. I will use my proven leadership and experience to address these concerns and continue to improve the quality of life in Tustin.

I am endorsed by my fellow Councilmembers, the entire Tustin School Board, and the Tustin Police Officers' Association. I would be honored to have your vote. Please visit my web site at [www.dougforcouncil.com](http://www.dougforcouncil.com).
