

**DEBORAH PAULY
CITY OF VILLA PARK
MEMBER OF THE CITY COUNCIL**

Villa Park is a wonderful city. In most instances, your neighbors are your friends and your friends are your neighbors. I share with you the unique small-town values that are rare in other cities and worth protecting.

Villa Park needs a strong leader who will listen to the desires of the people and take appropriate action; a leader who is energetic, collaborative and committed to protecting our common values. I believe I possess the skills that are necessary to represent you as a member of Villa Park's City Council.

I have demonstrated effective leadership skills and commitment to our city by leading the effort to collect the necessary signatures to communicate our opposition to LAFCO's recent recommendation to eliminate our city and water district, and merge them into larger neighboring communities. Additionally, I led campaigns to defeat two recent bond measures, which would have disproportionately increased our property taxes.

If elected, I will:

- Protect our small-town values
- Promote the safety of our community
- Seek and respect the input of our citizens
- Exercise fiscal responsibility
- Represent our concerns to outside agencies

I respectfully ask for your vote.

Please, contact me with any questions or concerns at 633-3322.
