

**ROBERT H. "BOB" FAUTEUX
CITY OF VILLA PARK
MEMBER OF CITY COUNCIL**

As a resident of Villa Park since 1982, I have closely followed city council matters. I have held positions in various county, city government, and social organizations. The city is undergoing many changes. I wish to continue to serve and ensure that we keep our city a safe, friendly, and enjoyable place to live.

I believe the experience from my corporate business background, as a retired military officer, a member of the 1994-95 "Bankruptcy" Orange County Grand Jury, and prior city council experience, provides a good foundation for analyzing and making the decisions on the many issues that come before the council. I firmly believe in fiscal responsibility and accountability. The protection and best use of taxpayer dollars entrusted to public officials is my goal.

I advocate transparency in how elected and appointed officials governed by the city. I welcome questions about why controversial matters come to the council. I believe that uncovering all the facts will result in a fair resolution for the problems the citizens bring to the council.

As Villa Park is a city built on volunteerism and as a volunteer, I ask for your vote.
