

**JAMES "JIM" RHEINS  
CITY OF VILLA PARK  
MEMBER OF THE CITY COUNCIL**

I have over 32 years of aerospace engineering experience, many of which were as manager of research and development. In these capacities my responsibilities included, all personnel activities and developing, managing, controlling and evaluating projects from inception to completion. My responsibility for these projects also encompassed all cost proposals and controls. My education background includes Associate Engineering in electronics, a Bachelor's of Science in Business Administration. I have a Professional Designation in Financial Planning from UCLA, and a Certificate in Financial Planning and Management for Nonprofit Organizations from California State University Fullerton. During my years in aerospace there were numerous workshops, seminars and courses in management, personnel, finance and project control. Further, my personal interests have included many years of activity in community organizations such as: The Friends of the Villa Park library; Chair of the City's Investment Advisory Committee – 9 years member; member of CERT and Villa Park Community Services Foundation, have been Treasurer, Vice-President of Finance, President and a docent of The Friends of the Fullerton Arboretum, plus involved with many organizations with my children. My background has provided me with tools to promote, plan, develop and keep on track the vision of Villa Park.
