

**PATRICIA L. BORTLE
CITY OF VILLA PARK
MEMBER OF THE CITY COUNCIL**

I have served on the Villa Park Council for eight fulfilling years. During that time, I have always strived to be "The Voice of the People". It is my belief that members of the Council are elected to hear the citizen's voice. It is my desire to continue to serve you in this way.

My husband and I raised three daughters in this city where we have resided for 27 years. During those years, I was active in three schools and received the Community Service Award. I now serve on Assemblyman Bob Huff's Education Advisory Board.

I am a member and have served on the Villa Park Women's League Board, was appointed by County Supervisors to the Board of the Community Action Program and sit on the Executive Steering Committee for the League of Cities.

As a member of the City Council, I have been Mayor twice, served on the Sanitation District Board, the County Library Board, City/School Committee and chaired the Emergency Preparedness Task Force for Villa Park.

A vote from you will enable me to continue to keep the city fiscally conservative, represent our children's education needs, seek traffic solutions and represent our City in the County.
