

**MARGIE L. RICE
CITY OF WESTMINSTER
MAYOR**

I'm proud to have served as your Mayor. Together, we have accomplished many things long needed in our City. We have balanced the budget every year that I have been your Mayor. As you requested, City codes and water rates are being revised. We have built five affordable housing complexes for seniors and one for young families.

The Rose Center Theater and Banquet Hall are completed as I promised.

Millions of dollars have been spent on street repairs, and we plan to continue until they are all in good order. We beautified the City with many newly planted trees and parkways, and new equipment in all parks.

Your vote will help me with my efforts to continue to improve our City. Remember, your concerns are my concerns and I want to work directly with you.

I have an open door policy to you and employees. Call me anytime.
(714) 893-1732.

Your Mayor,
Margie L. Rice
