

**JOY L. NEUGEBAUER  
CITY OF WESTMINSTER  
MEMBER OF THE CITY COUNCIL**

Occupation: Retired Businesswoman, Executive Director Westminster Museum

A strong background in business and government, concern for the welfare of our city, awareness, and integrity are qualifications I will bring to the office of Westminster Councilmember.

My background includes: former Mayor of Westminster, former City Councilmember, industrial business owner (36 years), Bank Founder, Director, and Treasurer (7 years), "Westminster Citizen of the Year".

My top priorities are: police and fire protection, streets and public works, water service and supply, seniors' needs, neighborhood parks and youth programs. By focusing on these essential services, we can afford to both control city fees to citizens, and keep business taxes low, which provides a positive climate for business, that in turn creates jobs for our citizens and increases our sales tax revenue.

Borrowing and spending millions on projects that do little to improve basic services and keep our citizens safe must be carefully studied, and should involve increased citizen input.

I will always consider you, the taxpayer, as decisions are made that impact the quality of life in Westminster. I seek your vote to work for an even better community, one that reflects American and family values. Call 893-0134 for information/concerns.

Thank you. Joy
