

**ANDY QUACH
CITY OF WESTMINSTER
MEMBER OF THE CITY COUNCIL**

It has been an honor and privilege to serve as your Councilman. I've worked hard to make Westminster better. We have improved our outstanding police and fire protection. We have added landscaping and medians to our streets. We have brought new parks, added playground equipment, and built the Rose Auditorium. We have new senior and affordable housing. All this was accomplished without any tax increase!

During the next four years, I pledge to work for all of Westminster, not just individual communities. I'll work to reduce the utility tax until it is abolished. My priorities include a much needed new police facility, state-of-the-art police and fire equipment, and a business friendly policy to keep growing our city's economy. We need to support our summer and after school youth programs and to widen the 405 without losing houses or businesses.

I graduated from Bolsa Grande H.S. and Chapman University and served in the U.S. Navy where I was selected to Underwater Demolition/SEALS training. I own a small business.

If re-elected, I will continue to work hard to represent you, preserve our neighborhoods, and protect our property values. Please call me with your questions and ideas.

Sincerely,

Andy Quach
Councilman
