

**PENNY LOOMER
CITY OF WESTMINSTER
MEMBER OF THE CITY COUNCIL**

Retired Public Servant

I retired from the City of Westminster after providing 40 years of dedicated service to its citizens. The experience, skills, and leadership acquired during my years as a professional in Westminster have prepared me to be a member of the City Council.

My husband and I grew up in Westminster, attended Westminster elementary and junior high schools and graduated from Westminster High School. Our daughters were also educated in the Westminster School District.

I strongly support safety services, public works projects and Community Service Programs for all residents. I know the importance of these services.

My goals are honest and straightforward. I want to serve this community that has served me so well, giving back to it in every way possible. I promise to use sincerity and integrity, giving equal opportunity to all residents, and doing so with an open mind and respect for all.

As a public servant, I dedicated my professional career to the Westminster community, introducing many programs that benefited our citizens. I would like to continue to use my energies to provide that service as your voice on the City Council, and I need your vote to make this possible. www.pennyloomer.com
