

**VIVIAN KIRKPATRICK-PILGER
CITY OF WESTMINSTER
MEMBER OF THE CITY COUNCIL**

As your Midway Sanitary District Board President, I have worked hard to address infrastructure needs while minimizing rates and expenses and undertaking long overdue improvements. I would be honored to similarly undertake long overdue improvements for Westminster while minimizing expenses.

With 33 years of experience in budget, finance and management, I possess the business skills to improve Westminster's finances and operations. As your councilperson, I would plan ahead for needed improvements so that Westminster taxpayers never pay extra to compensate for government's failure to plan ahead. I oppose any increase in City taxes.

Infrastructure must be a priority.

Our streets, police, fire and emergency services should be the best.

I will continue the business friendly climate of our city.

A graduate of Westminster High and 37 year resident of Westminster, I will work hard to represent you, not the special interests. We must preserve and improve our residential neighborhoods and property values.

I have been honored to serve on several City committees and a commission. I am proud to support the Boys and Girls Club and to have participated in Westminster's opposition to the proposed taking of homes by eminent domain along the 405 freeway.
