

**HA MACH
CITY OF WESTMINSTER
MEMBER OF THE CITY COUNCIL**

Occupation: Businessman

A Councilmember needs to listen and be responsive to the needs of his or her constituents. I will work hard to resolve their concerns and will involve citizens and businesses in my decision making process and consult with neighborhood organizations on issues which directly impact residents.

My priorities as your Councilman:

Provide strong support for Public Safety Services and Enhance disaster/emergency preparedness program (especially for the Avian flu).

Ensure that new development does not overburden our infrastructure; parking problems are relieved, and Promote a balanced and conservative growth policy that addresses home affordability.

Focus attention on protecting and expanding Senior services.

Restructure the water rate to make it equitable to all.

I earned a B.S. degree in Business Management (CSULB).

I have 30 years of business experience in product development, finance, and marketing that provides me with the necessary leadership skills to listen to different points of view, collaborate on solutions and unite people around a common vision to do the job.

My volunteer activities include fundraising for the Vietnamese American Cancer Society, and organizing Donors Recruitment for Asians for Miracle Marrows Matches.

I ask respectfully for your vote.

For questions and suggestions, please call Ha (714) 553-9939.
