

**ROBERT MOSBAUGH  
ROSSMOOR COMMUNITY SERVICES DISTRICT  
DIRECTOR, FULL TERM**

My wife, two children and I have called Rossmoor home since 1995. We are active in the schools, youth sports and our church. We are proud of Rossmoor and truly believe it is among the finest communities anywhere.

There are a number of important issues facing our community that will have an impact on the future of all Rossmoor citizens. These include improved safety through law enforcement, future Rossmoor governance options, and the improvement of our parks and recreation programs. I will work diligently to understand these issues, use my position to represent the wishes of the community, and seek solutions that positively impact the future. To do so I will apply my business experience, listen carefully to understand your concerns, communicate my understanding and position on the issues, and seek resolutions that best benefit our residents. I will then implement and execute plans with fiscal responsibility.

I have 25 years business experience and am currently President and COO of a global security company. I hold a BA from UCLA, and an MBA from Pepperdine. My sincerest desire is to preserve our unique identity so that in the future our children will be just as proud to call Rossmoor "Home."
