

**GARY MONAHAN
COSTA MESA SANITARY DISTRICT
DIRECTOR**

Over the past 12 years, I've served as our city councilman, Mayor, OCTA Director & Chamber of Commerce Board Member. My wife and 6 kids attend our local parish, schools & recreation programs. I operate a local Costa Mesa Restaurant. I believe in giving back to our community. This is why I am running to be a member of the Costa Mesa Sanitary District.

The district owns our sewer lines. It contracts our residential trash pickup. I believe better service & better pricing can be provided.

The trash contract has not been to competitive bid in many, many years. The pick-up recently went to automation, yet our rates continue to rise dramatically. I ask Why?

If elected I Will:

Propose a competitive bid process for trash pick-up

Resume cooperative work with the city for increased budgetary savings.

Propose District responsibility for sewer lines, from our property lines forward...(Currently, the homeowner or business is responsible to pay for repairs up to the main line)

Implement a consumer friendly grease eradication program

Update the neglected website, televise & webcast Board Meetings

For better services, responsible fees and overall accountability

Please vote Gary Monahan
