

**TRUONG DIEP
MIDWAY CITY SANITARY DISTRICT
DIRECTOR, FULL TERM**

Dear Neighbor:

As a legislative representative to the City of Westminster and Midway City, I've worked hard to support our residents and local businesses. I'm running for the Midway City Sanitary District because we need someone who can offer new and innovative ideas.

I believe our community deserves an option better than the status-quo. My pledge to you is simple:

Stop the series of tax and/or "fee" increases hurting local taxpayers.
Continue to deliver high-quality service.

My experience as a local legislative representative has earned me the trust and support of our local leaders. My campaign is supported by Assemblyman Van Tran, Senator Tom Harman, and countless others in our community.

With your support, I will be a tireless advocate for the taxpayers, helping stop the endless increases in our sewer and trash collection fees.
