

**AL P. KRIPPNER
MIDWAY CITY SANITARY DISTRICT
DIRECTOR, SHORT TERM**

I will greatly appreciate your vote on November 7. Currently, I am an incumbent Board Director, and I humbly ask for your important vote so I can continue to serve you, with all my heart, honesty and dedication. I am 65 years of age, and have been a Human Resources Manager, advocating and helping employees for 45 years.

I understand the distinction in serving the separate populations of both Westminster and Midway City.

My civic actions are with KIWANIS for children, LIONS for the blind, as Planning Commissioner for 15 years, Chairman of the Handicapped Committee, Long-time Active Member of a local Church, as a fighter on behalf of our WAL MART area citizens, as a controller of special interests, and I have earned the endorsement of the leading Citizens for this election. I support all ethnic groups, as both of our two cities have grown with increasing influence. As a Director of the Westminster Historical Museum Society, I am very interested in both our past and our future together.

Because both your taxes and mine are at risk, I am extremely careful with District Taxpayers' money, as I promise to protect against excessive expenditures for both of us.
