

**HELEN PARIS
MIDWAY CITY SANITARY DISTRICT
DIRECTOR, SHORT TERM**

Occupation: Retired School Registrar

My Late Husband, Russell Paris, served as your elected representative on the board of the Midway City Sanitary District for the past ten years. Shortly before he passed away a few months ago, Russell asked me to serve out the remainder of his term if he didn't live to do so himself.

That is why I am running for Russell's vacant seat and asking for your support and your vote.

Specifically, I would like to assist in completing key projects that Russell helped start for the good of your Sanitary District.

Over the years I've accompanied Russell to virtually all the meetings and conferences pertinent to the work of your Sanitary District. Through my own studies and numerous discussions with Russell, I have stayed abreast of policies, procedures and issues that affect the District.

Like Russell, I believe that providing quality services in an efficient and cost-effective manner is the duty of any Director who represents you on the District board.

Russell worked hard and successfully to keep our rates among the lowest in Orange County, and I am dedicated to maintain that standard.

Call me anytime (714-897-2837) with your ideas or questions.

Sincerely,

Helen Paris
