

MEMBER OF THE STATE SENATE, 29TH DISTRICT

NAME: ROBERT "BOB" HUFF

OCCUPATION: Assemblyman/Business Owner

Assemblyman Bob Huff knows that California's families have been hard hit by rising gas prices, declining home values, and a struggling economy.

That's why he is working to strengthen California's economy and opposes measures that would slow recovery.

Bob Huff's efforts to keep good paying jobs in our state earned him a 100% rating from the California Chamber of Commerce.

His opposition to job-killing schemes to raise income, payroll, property and gas taxes earned him a 100% rating from the California Taxpayers Association.

Lowering the high price of gasoline by reducing reliance on foreign oil is also one of Bob's top priorities. That's why he supports expanded use of renewable energy such as wind, solar, and biofuels.

To cut government waste and help balance the budget, Bob authored a measure to force government to account for every dollar it spends — every year.

To improve our schools, Assemblyman Huff supported efforts to attract high quality math and science professionals to the teaching profession. He's also worked to ensure students read, write and speak our language before graduating high school.

To reduce traffic congestion, Bob Huff serves on the Transportation Committee, bringing scarce transportation dollars to our gridlocked region.

To protect our families, Assemblyman Huff has opposed measures to release felons before their sentences are up, co-authored a measure to crack down on child porn, and served as legislative co-chair of a measure that banned convicted sex offenders from living within 2,000 feet of any school or park.
