

**MEMBER OF THE STATE ASSEMBLY, 68TH DISTRICT**

**NAME: VAN TRAN**

**OCCUPATION:** California State Assemblyman

As your Assemblyman, I have fought to advance common-sense solutions to some of the biggest challenges facing California; including an act to expand the number of Enterprise Zones in California and help create new jobs, and a measure cutting the excessive salary for members of part-time boards and commissions, saving California over \$5 million per year.

In an effort to encourage a greater role for parents in the education of their children and to strengthen education by ensuring textbook accuracy, I was able to push the state to provide public Internet access of proposed school textbooks - so that teachers, parents, and concerned community leaders can verify the accuracy of what our children are learning.

Children can't learn if they don't feel safe and public safety is my top priority in Sacramento. I've supported vital tough-on-crime protections like Jessica's Law, Megan's Law and Three Strikes - keeping criminals locked up behind bars where they belong.

I led the fight against a dangerous proposal called "summary parole," where felons convicted of any number of serious crimes would no longer be supervised by law enforcement while they're out on parole. As a husband and father, I realize that despite what some state bureaucrats may say, many are serious felons who pose a great risk to our community.

I'm committed to balancing the budget deficit through spending restraint, eliminating waste in the bureaucracy, and improving our local roads - Now!

I'd be honored to have your vote.

Van Tran  
California State Assemblyman
