

**MEMBER OF THE STATE ASSEMBLY, 73RD DISTRICT**

**NAME: DIANE L. HARKEY**

**AGE: 57**

**OCCUPATION: Councilwoman/Businesswoman**

California should not be in a constant state of crisis. We have a wealth of assets in our people and natural resources. It's time to balance the budget and return to basics. We can pay for fundamental services such as public safety, education and infrastructure, by setting priorities and sticking to them.

We are off track. So to accomplish our goals we must become more efficient, while stimulating investment and job creation for present and future generations, and find energy alternatives.

As a Mayor and City Councilwoman, I have championed sensible land use policies, stimulated investment in the community, and maximized public safety resources, protecting property rights and enhancing values. I have promoted low tax, safe neighborhood, clean beach and transportation solutions to improve our quality of life. I've also balanced municipal budgets and implemented budget reserve policies to help us get through tough economic times.

As your Assemblywoman I will continue the fight for balanced budgets, lower taxes, efficient government - and secure borders. It's time to hold government accountable, stop the gridlock and rein in the wasteful spending of your hard-earned tax dollars.

A coastal resident for over 35 years, I have been a successful corporate banker and Mayor, bringing a business and practical approach to solving government problems. Maintaining an excellent quality of life in Orange and San Diego Counties is my priority, and working together we can make a difference, returning California to the Golden State we love.

I respectfully ask for your vote. [www.Harkey4Assembly.com](http://www.Harkey4Assembly.com)
