NAME: BOB BLISS

AGE: 71

OCCUPATION: Retired College Professor

Our local community colleges provide a solid foundation on which strong skills are based. These are the tools businesses demand and our high-tech global economy requires. Saddleback and Irvine Valley Colleges must also promote values and work habits that will serve our students well in their future endeavors — values such as honesty, hard work, family and personal integrity.

As a Computer Systems Professor at Saddleback College for 27 years, I have taught over 15,000 students, providing them with the knowledge necessary to succeed in their future pursuits. I have earned a Doctorate in Educational Administration, published a successful textbook, and created a series of computer training programs for television.

My career was built upon the foundation provided by our community college system, where I acquired the essential skills necessary to become a successful writer, computer analyst, and — most importantly — a teacher.

As a 38-year resident of South Orange County, I'm committed to ensuring quality education for our community's developing future. A vote for Bob Bliss is a vote for experience, visionary leadership, fiscal accountability, and the understanding of what our colleges require to be successful.

Please vote for Bob Bliss to be your College Trustee.
