

**CAPISTRANO UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER
TRUSTEE AREA 2**

NAME: SUE PALAZZO

OCCUPATION: Property Manager/Teacher

We need Reform at CUSD.

As the newly elected trustee in the June 24th election, I will continue my lifelong support and advocacy for public education. My years of involvement as a mother, teacher and taxpayer will serve me well in stopping the controversy that distracts CUSD from its core mission—education of our children.

I have a Masters Degree in Elementary Education and have been a public school educator for the past thirty-three years. My husband and I are residents of San Juan Capistrano and our three sons graduated from CUSD schools.

As a property manager for thirty years, I've developed significant knowledge and experience in facility maintenance, code compliance and real estate accounting.

As your Trustee, my highest priority is reallocating resources back to the classroom and away from district bureaucracy. With conservative, fiscal responsibility, I will ensure that today's CUSD students are entitled to the same quality education that my three sons received in CUSD:

- excellent teachers;
- appropriate class size;
- current instructional materials;
- parental involvement;
- maximum academic achievement;
- safe, well-maintained schools.

I will restore honesty, integrity and accountability to CUSD. Please join me in this important fight.
