We need reform at CUSD.

That's why I was proud to support the June 24th recall election. I look forward to continuing the positive reforms now underway.

I'll bring a strong work ethic, extensive business experience and common sense to CUSD.

I earned my undergraduate degree from Cornell, law degree from USC, and MBA from UCI.

I've operated my own successful business for 11 years - I'm a proven, effective, results-oriented leader.

As a business, finance and real estate lawyer for 21 years - I'll be your eyes and ears to ensure CUSD complies with all laws that govern us.

My wife and I are proud parents of five children, four attending CUSD schools and one eagerly awaiting kindergarten. As your Trustee, I'll carry out my duties and responsibilities with as much care for your family as my own.

My highest priorities will be directing scarce tax dollars back into the classroom — and ensuring that every CUSD school receives fair and equitable funding. As your advocate, I'll support policies that promote:

- strong public education;
- maximum academic achievement;
- safe, sanitary schools for every student;
- adequate classroom supplies;
- financial responsibility; and
- lower taxes.

I'll restore honesty, integrity and accountability to CUSD.
