

**ORANGE UNIFIED SCHOOL DISTRICT  
GOVERNING BOARD MEMBER  
TRUSTEE AREA 6**

**NAME: ARIANNA BARRIOS**

**AGE: 38**

**OCCUPATION:** Business Owner/Parent

As a businesswoman and community volunteer I understand the importance of both fiscal responsibility and community support in our schools. I have been privileged to work with leaders of several Fortune 100 companies and will use the fiscal discipline and real world business experience to maximize our district's resources. I will also encourage innovative partnerships between community and schools. Working together, we can improve our students' academic performance, and by doing so, Orange Unified will develop a new generation of leaders.

Prior to owning my own business, I worked for several years in public education. My business experience coupled with my background in education has given me a balanced perspective, making me a uniquely qualified candidate. I am involved in many community non-profit organizations including the Orange Community Foundation, the YWCA and Palmyra Elementary School Site Council. I am also a member of the Orange Chamber of Commerce.

As a former OUSD student and mother of two children in the public schools, I care deeply about the future of this District. Restoring credibility to Area 6 is imperative because we must find real solutions to the financial and academic challenges facing our District.
