

**TUSTIN UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

NAME: TAMMIE BULLARD

AGE: 45

OCCUPATION: Board Member/Parent

Since elected in 1996, I have dedicated myself to improving student achievement, providing leadership and ensuring that TUSD is recognized as an outstanding school district. I have worked with parents, community and staff implementing proven curricular programs and prudent policy.

In the last five years, TUSD schools have received three National Blue Ribbon awards and 18 California Distinguished Schools awards. Last year, 90% of our seniors went on to college compared to 26% nationally.

An independent audit report of the District's fiscal operations stated that TUSD is "an unusually efficient operational system" and "the District operates a lean administrative model." We have made great strides in improving facilities during my tenure, building nine new schools on time and on budget and undertaking \$108 million renovation program for the District's 20 oldest schools.

Other TUSD accomplishments include: Adoption of rigorous academic standards and curricula; Increased test scores; Implementing the Early College program; Expanding the Advanced Placement courses; Preparing students for the state mandated high school exit exam; Maintaining class size reduction; and Maintaining safe and disciplined schools.

Your vote for me will ensure TUSD continues to deliver high quality education to all students and bolster the value of our community.
