

**HUNTINGTON BEACH UNION HIGH SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

NAME: MICHAEL H. SIMONS **AGE: 63**
OCCUPATION: Governing Board Member, Huntington Beach
Union High School District

"As a former educator, I know first-hand that Dr. Michael Simons is an outstanding School Boardmember." —Assemblymember Jim Silva

The students of the Huntington Beach Union High School District are my number one priority. We need experienced teachers and administrators who are student centered.

I have lived and worked in Huntington Beach for over 35 years; all of my children are attending or have graduated from Huntington Beach Union High School District schools. In addition to my medical practice, I also train student doctors.

During my tenure on the School Board:

Student test scores have increased.

More students are going to universities, colleges and community colleges. School bond funds have repaired, updated and renovated our schools. Important technological innovations have been implemented.

Constant oversight and vigilance has insured that the District is \$6 million under budget on current construction projects.

Parent surveys indicate 90+ % are satisfied with their child's education and safety.

My goals for the next four years include:

Improving facilities

Completing construction projects under budget

Making sure our School District continues to improve educational opportunities.

I am proud to be endorsed by Assemblymember Jim Silva, the Huntington Beach District Educators Association and numerous parents, students, educators and community leaders.
