

**ANAHEIM CITY SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**NAME: JAMES D. VANDERBILT**

**OCCUPATION:** Governing Board Member, Anaheim City School District

As a concerned citizen and taxpayer you undoubtedly have grown weary of reading how other school districts throughout Orange County have mismanaged bond funds, been reckless in construction programs, or caused continuous controversies. I understand your frustration and I have committed myself as your trustee to work tirelessly to maintain your pride in our elementary schools of central Anaheim.

Our modernization program continues to turn 50 year-old schools into the highest quality facilities that are not only on schedule and within budget, but also the most efficient and effective places to teach our children.

To demonstrate my commitment to get more district dollars into the classroom, I do not accept my trustee salary and health benefits and pay my own registration and travel costs for trustee conferences, training and community meetings.

I have maintained my promise to you to keep schools and surrounding neighborhoods safe by voting for full expulsion of every student who commits offenses that involve weapons or drugs on or near campus without exception.

Test scores continue to rise under my leadership. In the past four years, I have the highest attendance of board meetings of any trustee.

I respectfully ask for your vote - James Vanderbilt
