

**LA HABRA CITY SCHOOL DISTRICT  
GOVERNING BOARD MEMBER**

**NAME: PAUL S. RODRIGUEZ**

**OCCUPATION: Firefighter/Paramedic/Parent**

For many years, the La Habra City School District has struggled to meet their academic and fiscal needs. From stagnant test scores to various economic challenges, our School Board has been confronted with a series of difficult obstacles that have yielded mixed results.

As a parent of two children attending La Habra City schools, I have a vested interest in our students reaching their full potential. Success for our children requires a cooperative approach among parents, teachers, administrators, and the community. There are many challenges ahead. From our state's continuing fiscal crisis to declining school enrollments, district leaders must be willing to fight for the needs of our children.

Coupled with my professional and personal experience, I have the passion and commitment needed to help lead the district in the future. With a Bachelor's degree from Claremont McKenna College and as a current graduate student at USC, I understand the importance of education. As a paramedic, I recognize the magnitude in making critical decisions in difficult situations. I will carry these experiences with me on the school board.

I am committed to providing our children the quality education they need and deserve. I ask for your vote.
