

**MIDWAY CITY SANITARY DISTRICT
DIRECTOR**

NAME: AL P. KRIPPNER

OCCUPATION: Midway City Sanitary District Board Director

Please vote for my re-election. I am an experienced Board Director since April 2006. I humbly ask for your vote so I can continue to serve you, with all my heart, honesty and dedication. I am 66 years of age, and have been a Human Resource Manager, advocating and helping employees for 46 years, since 1962. My experience includes many years in trash/garbage re-generation with a trash corporation.

I understand the distinction of serving the separate, important populations of both Westminster and Midway City. If the district succeeds in your trash pick-up and sewer system needs, you and I have both won. I have lived here for 32 years.

My civic actions are with Lions for the blind/hearing-impaired, as Planning Commissioner for 14 years, Member, Handicapped Committee, local Church member, as a fighter on behalf of our Wal-Mart area citizens. I support all ethnic groups. As Director, Westminster Historical Museum, I am very interested in both our past and our future together.

Because both your taxes and mine are at risk, I am extremely careful with District Taxpayers' money. I promise to protect against excessive expenditures. I have often proposed and voted for our tax-payer savings.
