

**IRVINE RANCH WATER DISTRICT
DIRECTOR**

NAME: MARY AILEEN MATHEIS

OCCUPATION: Director, Irvine Ranch Water District

As Director of the Irvine Ranch Water District, I'm pleased to have participated in the development of the District's innovative water resource, conservation, water quality and environmental stewardship programs.

I am proud of IRWD's commitment to the environment. As Director, I'm privileged to serve on the Board of the San Joaquin Wildlife Sanctuary which provides oversight of the San Joaquin Marsh. The Marsh is not only an important wildlife refuge and water quality enhancement project, but is an environmental oasis for Orange County citizens. I also serve as President of Shadetree Partnership, a non-profit urban reforestation organization formed to plant trees in public places.

I'm devoted to ensuring IRWD provides the high quality, cost effective service to its customers. IRWD residents enjoy among the lowest water rates and wastewater costs in the County, while receiving industry leading utility services.

I am an attorney by profession, and am committed to civic involvement including service on the Orange County Assessment Appeals Board, the Irvine Valley Community College Foundation and the Exchange Club.

My husband Charles and I have lived in Irvine since 1978.
