

**SOUTH COAST WATER DISTRICT  
DIRECTOR**

**NAME: INGRID MCGUIRE**

**OCCUPATION:** Director of South Coast Water District

I am proud to say that over the past four years, as your Director on the South Coast Water District, we have made great strides to help protect our beaches, keep our water clean and better serve the needs of the Dana Point community.

With my active participation and leadership, we successfully repaired sections of a tunnel and sewer pipeline located close to our beach that carries 1/3 of our sewage to a treatment facility. In addition, to prevent future sewage spills all pipes are inspected by remote camera, video taped and cleaned at least once a year.

To better provide for our water needs, in 2007 we dedicated a new groundwater recovery facility and are currently in the planning stages for a new sea water desalination plant. Both of these projects will help us to continue to provide reliable water and sewer services to the rate payers.

I have been endorsed by Dana Point Mayor Joel Bishop, the entire City Council, civic leaders and residents in our community.

I am a 29 year resident of Dana Point, past Mayor and I would be honored to have your support.

November 4th please vote Ingrid McGuire for South Coast Water District.
