

**SOUTH COAST WATER DISTRICT
DIRECTOR**

NAME: FRANK D. TUCKER

OCCUPATION: Electrical Engineer

Vote for Frank Tucker. Frank has the skills to lead a new team ensuring you high quality water supply at affordable rates.

South Coast Water District needs directors who know how to develop local sources of water. Importing 90% of your water has great problems.

Each year, this provider has less water for an increasing demand. Not a good situation for us.

You are the owners of South Coast Water District. As your board member I promise to analyze today's situation to create a base from which we'll create and manage a solution that reduces dependancy on imported water.

My Education and Experience:

- BS Electrical Engineering
- 30 years in high-tech product development
- 23 years USAF/ANG, Lt. Col. Ret., Vietnam veteran
- Business owner

I am a husband of one, father of four.

I am a no nonsense guy that solves problems.

My Goals as your Director:

- Develop local water sources
- Keep ocean waters clean
- Increase use of recycled water for irrigation
- Control operating costs
- Ensure wastewater lines are safe

My Community Activities:

- Commander, Veterans of Foreign Wars, Dana Point Post #9934
- Sr. Vice Commander, VFW District 2, Orange County
- Treasurer of Dana Point 5th Marine Regiment Support Group
